EVOLVING IS VITAL

About Biolab

**Biolab Canada**

Partnerships

Ontario

Biolab has chosen Mississauga in Ontario as the home of its R&D center, which is its first facility abroad.

We're located at 1790 Matheson Blvd.

1. Perform the R&D activities needed to **adapt the dossiers** of key Biolab's products to Health Canada, FDA and EMA requirements
2. Transfer the **development of innovative** drugs currently in our pipeline from Brazil to Canada
3. Prospect **business opportunities** such as innovative research projects and licencing-in/out agreements
4. Establish a **full operation** in Canada, which will become **Biolab's export base**
